PLAN LYCEUM FOR NEXT SEASON

BETTER LECTURE AND MUSICAL COURSE IS DESIRE.

ELECT NEW MEN TO ASSOCIATION SOON

Choose Directors of Next Year's Attraction Within Few Days—May Get Talent Independently.

Plans for Maryville's lyceum course for the winter of 1915-1916 already are under way, and a set of officers to take charge of next season's attractions will probably be elected within a few days, according to Prof. G. H. Colbert, president of the present lyceum association. It is the intention to make the next lecture and musical course better than ever, it is said, and maybe to include several more numbers to the course.

The present course, which ends February 23, with a lecture by Dr. Russell H. Conwell, contained seven numbers, the first being given October 6, 1914. The season's talent consisted of the Madame Scotney company, Frank Dixon, lecturer; Frank Lea Short Players, Sarah Mildred Willmer, reader; the Schumann quintet, John Kendrick Bangs and Dr. Conwell.

Was a Good Course.

Each received much praise from the audience. The lyceum association has been given loyal support so far this season, and the association will "break even," according to Dean Colbert. The association each year has drawn some on the reserve fund, collected at the time the present association was organized three years ago, with the result that the reserve is now about used.

Represented in the association are the Normal, Conservatory of Music, Maryville Business college, city schools, the five Protestant churches, Commercial club, the various women's clubs and other societies to the number of fifteen. The present officers are: G. H. Colbert, president; W. M. Westbrook, vice president; the Rev. G. S. Cox, secretary; Prof. Ira Richardson, treasurer.

May Get One-Bureau Talent.

The first plans for next year's lyceum course are made this week when a conference with F. G. Bassett, advance agent of the Midland Lyceum Bureau of Kansas, was held. Mr. Bassett has contracted with about twenty of the better class of medium sized cities of Missouri for this service already.

It is not known yet, however, according to Dean Colbert, whether the talent for the next lyceum will be procured entirely through one bureau or independently like during the present season, when talent from several bureaus was secured. While separate bureau plan is cheaper, according to Dean Colbert, numbers more suitable to the association can generally be obtained independently.

WESTERN ARCHITECT IS HERE

Will Plan Fine Home For Parkdale Farm—To Be Built at Once.

James H. Shack of Seattle, Wash., a brother-in-law of C. D. Bellows, arrived in the city last night to visit at the Bellows home.

Mr. Shack is one of the best known architects of the Northwest and is here to make plans for a magnificent new residence at the Parkdale farm, to replace the one burned recently. The new residence will be finer and more complete in every way than the old one. The work will be begun at once.

While here Mr. Shack will be the guest of the various Bellows families.

Clyde Couple to Wed.

Hans From, 24 years old, and Mary Peterson, 23 years old, both of Clyde, were granted a marriage license in the office of the recorder of deeds this morning. They are to be married at Guilford tomorrow.

Leave For California.

Mr. and Mrs. Lawrence Hart of Clear mont left yesterday for Los Angeles, Cal., where they will spend several months visiting.

ENTER, 'JITNEY' SERVICE

Maryville Also Gets 5-Cent Transport System—Regular Routes Are Planned.

Maryville follows suit, and beginning this week the "jitney" delivery will emerge in the form of a five-passenger touring car with Charles Thorp at the helm. But for the failure of a 1915 state license to arrive on time, this said 5-cent transfer system would have begun yesterday.

It is Mr. Thorp's plan to have several routes, each to be gone over at certain times each day, if possible about every 45 minutes during the day. It is Mr. Thorp's plan to run between the square and the Normal, the Burlington and Wabash stations, North Main street to Lawn avenue, South Buchanan street and return on South Main street to the square, and east on First street to the Burlington railroad tracks and return.

Mr. Thorp intends to make test runs of each route today to determine definitely just what time can be made. The regular service will begin as soon as Mr. Thorp's license arrives.

SHOW HOMER'S BALD HEAD

Maryville Humorist resents Lifting of Lid Before Nuptials Moving Picture.

Homer Croy, well-known Maryville humorist, who was married in New York Sunday afternoon, failed to see the joke when a friend lifted Croy's hat as the wedding party was being motion-photographed.

Croy is baldheaded.

The incident occurred following the wedding at the New Church (Swedenborgan), on Thirty-second street, according to a telegram from New York.

Croy, with his bride, formerly Miss Mae Savelle of Bagdad, Fla., holding his arm, had reached a point in front of the camera, when J. A. Waldron, editor of Judge, stepped up behind Croy and removed his hat.

The couple had been acquainted two years, having met in Florida. The bride assisted Croy financially when he became stranded in Calcutta, India, at the opening of the European war. He was not able to obtain funds from the film company for whom he was traveling, and he resorted to cablegraming Miss Savelle.

The films of the wedding will be shown to friends of the couple on their return from University City, Cal. A motion-picture theatre has been included in Croy's new home in New York.—St. Louis Globe-Democrat.

PETITION FOR HIGHER RATES.

Wabash and Burlington Circulates Papers Here to Present to Legislature.

Papers petitioning the state legislature to quit legislating against the railroads and to increase passenger and freight rates in Missouri have been circulated in Maryville the last few days by the Wabash and Burlington railroads. A large number of signatures, some of them of business men, were secured.

The same tactics, it is said, are being followed up in all parts of the state by the various railroads operating in Missouri. More than a hundred of these petitions were presented in the legisiature yesterday. It is believed the railroads will follow up these petitions with bills providing for rate increases.

It is said that not only station agents but railway officials all over the state are circulating these petitions and that hundreds of them would bombard the legislature in the next week in an attempt to show that there was an "overwhelming sentiment" over the state for a raise in railroad rates. It is regarded as the most gigantic attempt to "petition" the legislature ever attempted in the state.

EXPECT FAST GAME

NORMAL AND CENTRAL WESLEYAN QUINTETS MIX TONIGHT.

RACE FOR FIRST PLACE

Tarkio Leads Maryville in Intercollegiate Conference Contest by 83 Points—Another Game Here.

The next to the last conference game the Normal basket ball team will play on the home court this season will be held tonight between the Normal team and that of the Central Wesleyan of Warrenton. And, by the way, it might incidentally be mentioned that the game scheduled for tonight gives promise of being one of the best so far staged on the local ground. For while little is known of the Central Wesleyan here, St. Louis accounts give much praise to the Warrenton athletes.

The affray will start promptly at 8 bells, if the westbound Wabash evening train comes puffing in on schedule. It will carry the Warrenton players, rooters and Referee Campbell of the Kansas City Athletic club, Kansas City. He has refereed former games in the conference and is considered entirely impartial and competent.

Race for Championship.

It was feared for a while that the Normal team might be handicapped tonight by the absence of one of the star players, but thanks be to kind providence, the usual quintet will start the contest—Scott and McClintock as guards, Scariett at center, and Leech and Vandersloot as forwards—is the announcement this afternoon.

Thursday night, February 18, the Normal will stage its final game here with the strong team of Drury college, Springfield. The home team then will play the remainder of the conference games on foreign courts. At present Tarkio and Maryville are racing frantically for the Missouri intercollegiate conference championship. Tarkio, however, is slightly in the lead, having played more games up to date than the Normal quintet.

The standing to date (omitting Drury, because of inability to obtain accurate information as to results in past games) follows:

	Played.	Won.	Lost.	Pr.ct.
Tarkio	6	5	1	.833
Maryville	4	3	1	.750
Central	4	2	2	.500
William Jewell	5	2	3	.400
Cent. Wesleyan	0	0	0	.000
Mo. Wesleyan	3	0	3	.000

PROMOTE FIVE MILITIAMEN

Two Corporals Become Sergeants—Three Privates Become Corporals To Study Spanish.

The promotion of two corporals of Company F. Fourth regiment, National Guards of Missouri, to sergeants, and of three privates to the rank of corporal, was announced today by Loren DeMotte, first lieutenant in charge. Those acquiring the new non-commissioned ranks are Harold Ewing and Arch Colden from corporal to sergeant; Harry Cain, Kenneth Daniels and Dean Ledgerwood from privates to corporals.

An election to choose a captain of the local company will be held within a few weeks, it is said. The company has been without a captain since last fall, when Ezra Phipps resigned.

The company also is preparing for any emergency that might come up, in the study of Spanish, individual cooking and first aid to the injured. This is the first time the guardsmen have been requested to take up the study of Spanish, which indicates to Lieutenant DeMotte that a call to the Mexican border may be made at any time.

The company has added two new members since annual inspection last Wednesday night.

MRS. M'KINNEY, 85, DIES.

Funeral Services will be Held at Rock Port Tomorrow.

Mrs. Theodora McKinney, aged 85, died yesterday morning at the home of her daughter, Mrs. Kate Rundle of Burlington Junction. The body was taken to Rock Port for burial. The funeral services will be held there tomorrow.

Removed from Hospital.

Mrs. Ralph Masters, who has been at St. Francis hospital for the past two weeks, recuperating from an operation which she underwent, was taken Sunday to the home of her parents, Mr. and Mrs. W. L. Scott, 423 South Depot street. Her condition is greatly improved.

FIGHT IS INTENSE

TEUTONS AND RUSSIANS BATTLE FIERCELY IN EAST AREA.

NEUTRAL SHIPS, SAFE

Germany Says Naval Measure Against Britain is Not Intended as Blockade—No Safety Guarantee.

By American Press.

Petrograd, Feb. 9.—Engagements between the Russian and German-Austrian forces are growing in intensity at the two extremities of the eastern battle front in East Prussia, as well as in the Carpathian mountain regions, according to information reaching Petrograd today.

The same news dispatch sets forth that on the Warsaw front the battle has subsided, with slight gain to either side.

Special to Democrat-Forum.

Berlin, via the Hague, Feb. 9.—No hostile action against neutral shipping is contemplated by the German government in the naval measure recently adopted against Great Britain, is the interpretation now placed by officials in Germany. Neither is the naval measure intended as strictly a blockade.

German submarines and warships will endeavor by every means in their power to avoid sinking American or other neutral ships, and will take every precaution to avoid a mistake, yet no guarantee as to their safety would be vouched by the German government, it is asserted.

BUYS EPISCOPAL CHURCH.

M. Nusbaum and C. E. Signs Purchase Abandoned Building—May House Chickens Next.

The abandoned church building of the Episcopal church, 329 East Fourth street, was purchased yesterday for $385 by Mose Nusbaum and C. E. Signs. It probably will be removed from its present location and converted into a poultry house, Mr. Nusbaum announced this morning. The structure was built in 1885, and until about three years ago was used regularly by the Episcopalian congregation here as a meeting place.

The sale was negotiated following the visit here this week of the Rev. Edward C. Johnson of Kansas City, on instructions to dispose of the property. The 50-foot lot will be retained. The proceeds of the building will be held in trust for any possible need of the fund here in the future.

The Anglican church will probably be addressed once a month hereafter by the Rev. Mr. LaMonte of St. Joseph. The first service in six months was held Sunday.

WELL WORTH THE MONEY.

Salisbury Musical Family at Empire Makes "Hit"—Kipling's "Vampire" at the Fern.

The Salisbury musical family, which began a three nights engagement at the Empire theater last night drew considerable applause and commendation from the two audiences which greeted it last night. Despite the low admission price every number given last night was unusually good. There is virtually an entire change of numbers tonight and tomorrow night.

The Salisbury family was here about nine years ago, at that time coming under the auspices of a lyceum association.

The Fern theater also has a rare treat for theater patrons tomorrow night in the 5-reel feature, "A Fool There Was," from Rudyard Kipling's "Vampire." It has received much comment wherever shown.

REVIVAL IS SUCCESSFUL.

Meetings at Pleasant Grove Church Being Well Attended.

The revival meeting which is being conducted at the Pleasant Grove church, nine miles south of Maryville, has been attended with splendid success. The services have been in charge of the Rev. George T. Rolston, pastor of the Methodist church, South, of Barnard, assisted by the Rev. W. B. Llewellyn. Twelve conversions have been made. The meetings will continue indefinitely.

Operator Takes Vacation.

Miss Mamie Sullivan, assistant operator at the Clyde Mutual Telephone exchange, is taking a few weeks vacation which she is spending at the home of her parents, Mr. and Mrs. James Sullivan, who live southeast of Clyde. Her work will be taken by the chief operator, Mrs. C. Juhl.

SOUGHT PAY; IS ASSAULTED

Orville Darling is Fined $5 Following Fight With Paul Thompson.

Orville Darling, Fourth and Market streets, was fined $5 in police court this morning for assaulting Paul Thompson, a barber at Protzman's barber shop, at 6 o'clock last night at Thompson and Main street, following ill feeling of several months.

Darling pleaded guilty to the city charge and paid the fine and costs.

According to Thompson, the trouble started about four months ago, when Darling was asked to pay a bill of $1.50 contracted at the tonsorial parlors. Darling is said to have then threatened Thompson. The alleged assault last night resulted in Thompson being knocked semi-unconscious. He received a broken nose and several facial bruises.

Darling is a laborer and occasionally engages in amateur boxing exhibitions.

WOMEN WOULD REVIVE BAND

Military Music Club Met Last Night to Discuss Financial Difficulty—No Action.

A special meeting to discuss ways and means of financing the reorganization and maintenance of the Missouri Ladies' Military band, which was abandoned last fall, was held last night in the studio of Miss Alma Nash, director, in the Michau building. No definite action resulted on account of the small attendance and failure to secure the promise of any financial aid for the band.

It is the belief of Miss Nash now that the band must go, the suits and instruments be sold and an organization which brought much fame to Maryville three years ago become a wreck. Several applications for membership in the band are now on file with Miss Nash, but unless some support can be given the proposed reorganized band they will receive no consideration, Miss Nash announced at the meeting last night.

The business men individually, and not through the Commercial clu, or any other civic body, aided the band in the trip to Washington three years ago, but since that time the young women have received little or no financial support.

MUSIC MEN COMBINE.

D. N. Scott Now Associated With the Landon Music Co.

D. N. Scott, who had been a dealer in musical instruments for a number of years in Maryville, is now associated with the Landon Music Company. Mr. Scott's work with the Landon company will include piano tuning as well as the other general work of the salesman. The Landon Music company has been in operation since the opening of the Maryville Conservatory, which is under the direction of P. O. Landon, twelve years ago. The work was carried under the one name until about two years ago when in order to facilitate the better handling of the sales department, the work was divided under separate heads.

8:20 to 9:15—"The Junior Department," Miss Lewis; "Utilizing the Group Instinct," Miss Maus; "The Sunday Lesson," Mr. Clarke.

With the addition of nearly thirty delegates, who arrived in Maryville at noon today, and many more attending from the city, the afternoon session of the school of methods being held at the First Christian church, was an enthusiastic one, and the attendance much greater than yesterday.

The school is in no way denominational, its aim and work being the training of Bible school teachers and workers to do more efficient work. The delegates represent many churches in the district beside the Christian ones, and the registration to obtain a certificate of proficiency will continue until after this evening's session. Later entry than that will not entitle the applicant to a certificate.

The lectures and conferences of yesterday afternoon and evening were extremely profitable. In addition to the class teaching, special conferences can be arranged for any one desiring special training along a certain line.

The talk by Prof. A. H. Braden of the University of Kansas, last night from 7:40 to 8.30, was splendidly given and of much benefit to the student workers who heard him. Prof. Braden will give a talk at the same hour each evening during the school, taking some topic of Bible study.

A cafeteria lunch is being served by the Ladies' Aid society of the church in the church basement each evening from 6 till 7 o'clock.

Any one in the city may attend the school as a guest for one lecture. Further attendance than that requires the regular student registration.

TO SELL EPISCOPAL CHURCH

Diocese Minister Here to Supervise Sale of East Fourth Street Building

The old frame building on East Fourth street occupied until about three years ago as a meeting place by the Episcopalians of Maryville, and yet owned by that denomination, will be sold as soon as possible, according to the Rev. Edward C. Johnson of Kansas City, of this diocese of the Angelican church, who is in Maryville for that purpose. He estimates the building to be worth $300. The lumber is said to be in fine condition. Some of the church equipment still remains in the building.

The edifice is many years old, and a landmark. It became so dilapidated several years ago as to become unfit for a meeting place. Since then the Episcopalians have held services from time to time in the Knights of Pythias hall.

Services were held in that hall by the Episcopalians Sunday morning for the first time in a half-year. Mr. Johnson conducted the services and communion which followed. Twenty were present. He urged them to forget the past hardships the Episcopal church has had in Maryville and to start out again anew in an endeavor to place the church on a better basis here.

The sale of the church building has been placed in the hands of E. E. Williams and C. E. Signs, under the supervision of Mr. Johnson while in the city. The 50 foot lot on which the building stands will be retained. The proceeds from the building sale would be held in trust.

Eggs and Poultry Sales $200.

Mrs. C. D. Nicholas of near Maryville had the following in this week's Missouri Ruralist:

One hundred and twenty females, mostly pullets, and five roosters made up my flock January 1, 1914. During the year I killed 103 fowls and gave away a number. Including old roosters, hens and young chickens, I sold 195 birds in 1914, and started the new year with 180 nice Buff Orpington fowls, only 10 of them males.

My flock produced more than 8,000 eggs during the year and cash sales for eggs and poultry totaled $200. Sales were made to the grocery or poultry house at market prices.

I have a good, though cheap, hen house, give plenty of water, and feed oats, wheat and corn whole. Eggs were gathered every day in the year. Record of the eggs gathered every day, and the killing of a chicken, is placed on a calendar in the kitchen.

Buff Orpingtons have given the best satisfaction of several breeds tried at our farm. They are strong and healthy, grow large, and are good layers and setters. I have never used an incubator or brooder, but depend on hens. The eggs always hatch well.

RURAL SCHOOL IS ATTRACTIVE.

Gray Grove Literary Society Holds Weekly Entertainments.

The teacher and pupils of the Gray Grove school, six miles northeast of Burlington Junction, gave a playlet and box supper at the school house Friday night for the benefit of the literary society of the school. About $20 was cleared.

The play was entitled "Hazel Adams," and the characters were represented by Miss Jennie Pugh, Mamie West, Clara Gray, Oliver Gray, Willie Henry, Everett Bradshaw, Harry Piveral and Watson Richey.

The Gray Grove school i one of the most active of the rural schools. A literary society was organized some time ago and meetings are held each Friday night. The programs given consist of readings, debates, dialogues and songs. The "Toad Holler" Post, a weekly journal, which is read every Friday night, is one of the features of the society. The teacher of the school is Miss Jennie Pugh, and the society officers are William Henry, president, and Oliver Gray, secretary.

The subjects of the debates include many topics of general interest. The last one on the subject of equal rights for men and women, was debated by three men and three women. The subject for next Friday night will be "Resolved, that cattle are more profitable to raise than hogs."

Benton Team Is Defeated.

The Benton High School basketball team was defeated by the Chillicothe High School five Friday night at Chillicothe by a score of 38 to 32. The locals were handicapped by the absence of two of their star players. The game was fast and thrilling all the way. The two teams plan to play a return game at St. Joseph this week.

The Maryville High School defeated the Benton team once and was defeated once.

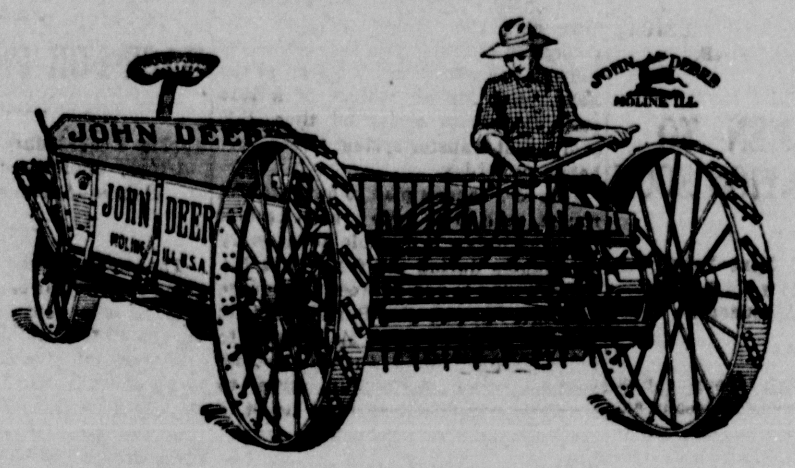
The Spreader With The Beater on the Axle



This Spreader is built low down, and the rear axle is placed at end of the body of the machine. The rear axle acts in a double capacity, as axle and as the beater shaft.

Power is taken directly from the rear axle through a set of gears like those used on horse powers, which is contained in a cylinder, or housing on the inside of the beater. This housing is oil tight and the transmission therein works in a bath of oil.

In other words the distinctive feature of this **New John Deere Spreader** construction is that the entire driving mechanism is mounted on and works as a part of the rear axle.

When the machine is out of gear there is nothing running except the four wheels that rest on the ground.

The John Deere Spreader is built in two sizes. B-a two horse machine, capacity 50 bushels and sells for **$115.00.** C—a three horse machine—capacity 70 bushels, price **$120.00.**

Kansas Quarantine Depresses Cattle Market—Hogs Sell Fairly Well —Sheep Lower.

Kansas City Stock Yards, Feb. 8.—Cattle trade showed some improvement late last week, except on stockers and feeders, which suffered severely from the Kansas sanitary situation. The fact that the Kansas cases of foot and mouth disease seem to be safely confined within the quarantined district, and that only one new case has come to the surface since the original outbreak, is tending to spread confidence.

Shipments of stocker and feeding cattle are now permitted to Kansas in cases where the cattle can be traced as originating in clean territory, otherwise the quarantine is strict. Missouri, Iowa and Nebraska receive stockers and feeders from here without restriction.

The supply today is 8,000 cattle, market steady to 15c higher than last week. Sales under $7.50, including butcher grades, got the advance, buyers moving slowly when asking price was above $7.50. Some butcher heifers sold at $7.05@7.25 that were like heifers last week at $7 or less. Light weight short fed steers at $7.00@7.50 brought a little more than last week's values.

While the market was some improvement over last week, it was still a disappointment to most sellers. Runs were moderate at all points, but were composed largely of killing grades, both here and at Chicago. The market situation changes so often, and is subject to so many active influences that commission men hesitate to give advice to shippers, although their suggestions at the close last week favored staying off the market with cattle for the present, unless there were urgent reasons for selling.

Hogs sold 5@10c higher on the early market, to shippers, top $6.90. Cheap hogs are blamed for a portion of the depression in cattle prices, but on the other hand, the good demand for pork, resulting from its cheapness, makes outlet for more hogs at prevailing prices. Cold weather makes it possible for much hog killing to be done at home, but that works in two ways, cutting down both supply and demand.

Sheep and lambs are weak to 10c lower today, receipts 14,000 head. The market opened slow, with bids sharply lower, but actual sales show only the decline indicated, half a dozen lots of southern Colorado lambs selling at $8.75, the top. Northern Colorado ewes brought $6.20, weighing 114 and 116 pounds, and some 89-pound northern Colorado lambs brought $8.45, good to choice yearlings, $7.55, wethers $6.75. In spite of storms the northern roads delivered their stock early today.

Mrs. D. R. Raine of 321 South Market street, is seriously ill. Her condition yesterday was critical.

DACIA HALTED ASI CREW QUITS WORK

Eleven Refuse to Stay and Vessel Fails to Leave.

Norfolk, Va., Feb. 9.—The steamer Dacia, cotton laden, from Galveston, was held up on the second stage of its voyage to Rotterdam after eleven or more of its crew refused to continue in service. A fireman, who said he represented several others of the crew, told United States Commissioner Hamilton that some of the sailors feared the Dacia would be detained by a British warship.

Captain McDonald said he had not replaced all of the men and did not know when the Dacia would sail.

Great Britain, questioning the validity of the transfer of the Dacia from German to American registry, has given notice that it will seize the ship and pay for the cargo.

SAYS GOD IS W TH GERMANS

Archbishop of Cologne Issues Pastoral Letter.

Amsterdam, Feb. 9.—The Cologne Church Gazette published a pastoral letter by Cardinal von Hartman, archbishop of Cologne, as follows:

"God has been with our heroic warriors in the west, in the east, on the sea, in the air. He has been with our German people, in whom the determination to hold out and confidence in a victorious issue are glowing.

"The war is an extremely severe trial on all. Every one is courageously making the requisite sacrifices. Supreme confidence in God is being shown by all Germans.

"With God our warriors went into this war, which has been forced upon us, to fight for the existence and liberty of our beloved fatherland and to fight for the holy treasures of Christianity and its civilizing influences. Heroic deeds already have been accomplished under God's protection and under the direction of our glorious leader, the emperor, and the German princes. We must look upon the war in the light of our faith."

ZAPATISTAS CLOSING IN ON MEXICO CITY

Washington, Feb. 9.—Zapatista forces are gradually closing in on Mexico City again, official dispatches report, and the apprehension is daily growing more acute over conditions generally.

Practically all the foreign diplomatic representatives there have asked their home governments for instructions as to what they should do in certain contingencies and are hoping to be permitted to use their discretion as to abandoning their legations.

Demonstrations continue by the populace, which has been affected by the nullification by Carranza authorities of paper currency issued by previous administrations. Scarcity of food is causing great anxiety. An official summary of other conditions issued by the state department says:

"The state department is informed that the banks and principal stores in the City of Mexico remain closed on account of the order nullifying the Villa currency. General Carranza is reported to have telegraphed that relief will be furnished the poor. There is a continued scarcity of bread."

RUSSIANS TAKE THE OFFENSIVE

Czar Hurls Forces Against Enemy In Poland.

VON HINDENBURG PUSHING ON

Germans and Austrians Gain Some Ground In Carpathians—No Change In France and Flanders—Allies Are Throwing In Reinforcements.

WAR SUMMARY

Comparative quiet reigns in France and Flanders, while hundreds of thousands, constituting the fighting forces in Russian Poland, the Carpathians and East Prussia, seem to be still deadlocked in a series of desperate engagements.

From Berlin comes the announcement that the naval measures of Germany against British commerce are in no sense a blockade, that no hostile action against neutral shipping is contemplated and that Germany's warships will endeavor to avoid sinking American or neutral ships, taking every precaution to that end.

London, Feb. 9.—The adoption of offensive operations by Russians in Poland, from which the Germans apparently have been withdrawing some forces, both to the north and south, furnished the most striking feature of the military situation on the European continent.

From German sources it is insisted that the plans for the capture of Warsaw still are being pushed. But the Russians claim several minor successes at various points and declare that the German attack reached its climax several days ago.

Teutons Gain Ground.

Another huge segment of the Russian army is continuing its efforts for a firmer foothold in the Carpathians, but it is admitted that the Germans and Austrians have gained some ground. At one point a severe snowstorm is said to have aided the Austro-Hungarian troops in action, which Vienna states has resulted in heavy losses to the Russian forces in Dukla pass.

From East Prussia there is little news, the Germans claiming to have the situation well in hand, so far as concerns the prevention of a further Russian advance without the most severe fighting.

In France and Flanders the situation is without change. Both sides are alert for the slightest indication of activity on the part of their opponents. The British and French are undoubtedly taking advantage of every day's delay to throw in reinforcements.

Sachsze, who is a lieutenant in the German army, was released on his military parole and the others were held in $5,000 each.

PLAN LYCEUM FOR NEXT SEASON

BETTER LECTURE AND MUSICAL COURSE IS DESIRE.

ELECT NEW MEN TO ASSOCIATION SOON

Choose Directors of Next Year's Attraction Within Few Days—May Get Talent Independently.

Plans for Maryville's lyceum course for the winter of 1915-1916 already are under way, and a set of officers to take charge of next season's attractions will probably be elected within a few days, according to Prof. G. H. Colbert, president of the present lyceum association. It is the intention to make the next lecture and musical course better than ever, it is said, and maybe to include several more numbers to the course.

The present course, which ends February 23, with a lecture by Dr. Russell H. Conwell, contained seven numbers, the first being given October 6, 1914. The season's talent consisted of the Madame Scotney company, Frank Dixon, lecturer; Frank Lea Short Players, Sarah Mildred Willmer, reader; the Schumann quintet, John Kendrick Bangs and Dr. Conwell.

Was a Good Course.

Each received much praise from the audience. The lyceum association has been given loyal support so far this season, and the association will "break even," according to Dean Colbert. The association each year has drawn some on the reserve fund, collected at the time the present association was organized three years ago, with the result that the reserve is now about used.

Represented in the association are the Normal, Conservatory of Music, Maryville Business college, city schools, the five Protestant churches, Commercial club, the various women's clubs and other societies to the number of fifteen. The present officers are: G. H. Colbert, president; W. M. Westbrook, vice president; the Rev. G. S. Cox, secretary; Prof. Ira Richardson, treasurer.

May Get One-Bureau Talent.

The first plans for next year's lyceum course are made this week when a conference with F. G. Bassett, advance agent of the Midland Lyceum Bureau of Kansas, was held. Mr. Bassett has contracted with about twenty of the better class of medium sized cities of Missouri for this service already.

It is not known yet, however, according to Dean Colbert, whether the talent for the next lyceum will be procured entirely through one bureau or independently like during the present season, when talent from several bureaus was secured. While separate bureau plan is cheaper, according to Dean Colbert, numbers more suitable to the association can generally be obtained independently.

WESTERN ARCHITECT IS HERE

Will Plan Fine Home For Parkdale Farm—To Be Built at Once.

James H. Shack of Seattle, Wash., a brother-in-law of C. D. Bellows, arrived in the city last night to visit at the Bellows home.

Mr. Shack is one of the best known architects of the Northwest and is here to make plans for a magnificent new residence at the Parkdale farm, to replace the one burned recently. The new residence will be finer and more complete in every way than the old one. The work will be begun at once.

While here Mr. Shack will be the guest of the various Bellows families.

Clyde Couple to Wed.

Hans From, 24 years old, and Mary Peterson, 23 years old, both of Clyde, were granted a marriage license in the office of the recorder of deeds this morning. They are to be married at Guilford tomorrow.

Leave For California.

Mr. and Mrs. Lawrence Hart of Clear mont left yesterday for Los Angeles, Cal., where they will spend several months visiting.

ENTER, 'JITNEY' SERVICE

Maryville Also Gets 5-Cent Transport System—Regular Routes Are Planned.

Maryville follows suit, and beginning this week the "jitney" delivery will emerge in the form of a five-passenger touring car with Charles Thorp at the helm. But for the failure of a 1915 state license to arrive on time, this said 5-cent transfer system would have begun yesterday.

It is Mr. Thorp's plan to have several routes, each to be gone over at certain times each day, if possible about every 45 minutes during the day. It is Mr. Thorp's plan to run between the square and the Normal, the Burlington and Wabash stations, North Main street to Lawn avenue, South Buchanan street and return on South Main street to the square, and east on First street to the Burlington railroad tracks and return.

Mr. Thorp intends to make test runs of each route today to determine definitely just what time can be made. The regular service will begin as soon as Mr. Thorp's license arrives.

SHOW HOMER'S BALD HEAD

Maryville Humorist resents Lifting of Lid Before Nuptials Moving Picture.

Homer Croy, well-known Maryville humorist, who was married in New York Sunday afternoon, failed to see the joke when a friend lifted Croy's hat as the wedding party was being motion-photographed.

Croy is baldheaded.

The incident occurred following the wedding at the New Church (Swedenborgan), on Thirty-second street, according to a telegram from New York.

Croy, with his bride, formerly Miss Mae Savelle of Bagdad, Fla., holding his arm, had reached a point in front of the camera, when J. A. Waldron, editor of Judge, stepped up behind Croy and removed his hat.

The couple had been acquainted two years, having met in Florida. The bride assisted Croy financially when he became stranded in Calcutta, India, at the opening of the European war. He was not able to obtain funds from the film company for whom he was traveling, and he resorted to cablegraming Miss Savelle.

The films of the wedding will be shown to friends of the couple on their return from University City, Cal. A motion-picture theatre has been included in Croy's new home in New York.—St. Louis Globe-Democrat.

PETITION FOR HIGHER RATES.

Wabash and Burlington Circulates Papers Here to Present to Legislature.

Papers petitioning the state legislature to quit legislating against the railroads and to increase passenger and freight rates in Missouri have been circulated in Maryville the last few days by the Wabash and Burlington railroads. A large number of signatures, some of them of business men, were secured.

The same tactics, it is said, are being followed up in all parts of the state by the various railroads operating in Missouri. More than a hundred of these petitions were presented in the legislature yesterday. It is believed the railroads will follow up these petitions with bills providing for rate increases.

It is said that not only station agents but railway officials all over the state are circulating these petitions and that hundreds of them would bombard the legislature in the next week in an attempt to show that there was an "overwhelming sentiment" over the state for a raise in railroad rates. It is regarded as the most gigantic attempt to "petition" the legislature ever attempted in the state.

EXPECT FAST GAME

NORMAL AND CENTRAL WESLEYAN QUINTETS MIX TONIGHT.

RACE FOR FIRST PLACE

Tarkio Leads Maryville in Intercollegiate Conference Contest by 83 Points—Another Game Here.

The next to the last conference game the Normal basket ball team will play on the home court this season will be held tonight between the Normal team and that of the Central Wesleyan of Warrenton. And, by the way, it might incidentally be mentioned that the game scheduled for tonight gives promise of being one of the best so far staged on the local ground. For while little is known of the Central Wesleyan here, St. Louis accounts give much praise to the Warrenton athletes.

The affray will start promptly at 8 bells, if the westbound Wabash evening train comes puffing in on schedule. It will carry the Warrenton players, rooters and Referee Campbell of the Kansas City Athletic club, Kansas City. He has refereed former games in the conference and is considered entirely impartial and competent.

Race for Championship.

It was feared for a while that the Normal team might be handicapped tonight by the absence of one of the star players, but thanks be to kind providence, the usual quintet will start the contest—Scott and McClintock as guards, Scariett at center, and Leech and Vandersloot as forwards—is the announcement this afternoon.

Thursday night, February 18, the Normal will stage its final game here with the strong team of Drury college, Springfield. The home team then will play the remainder of the conference games on foreign courts. At present Tarkio and Maryville are racing frantically for the Missouri intercollegiate conference championship. Tarkio, however, is slightly in the lead, having played more games up to date than the Normal quintet.

The standing to date (omitting Drury, because of inability to obtain accurate information as to results in past games) follows:

	Played.	Won.	Lost.	Pr.ct.
Tarkio	6	5	1	.833
Maryville	4	3	1	.750
Central	4	2	2	.500
William Jewell	5	2	3	.400
Cent. Wesleyan	0	0	0	.000
Mo. Wesleyan	3	0	3	.000

PROMOTE FIVE MILITIAMEN

Two Corporals Become Sergeants—Three Privates Become Corporals To Study Spanish.

The promotion of two corporals of Company F, Fourth regiment, National Guards of Missouri, to sergeants, and of three privates to the rank of corporal, was announced today by Loren DeMotte, first lieutenant in charge. Those acquiring the new non-commissioned ranks are Harold Ewing and Arch Colden from corporal to sergeant; Harry Cain, Kenneth Daniels and Dean Ledgerwood from privates to corporals.

An election to choose a captain of the local company will be held within a few weeks, it is said. The company has been without a captain since last fall, when Ezra Phipps resigned.

The company also is preparing for any emergency that might come up, in the study of Spanish, individual cooking and first aid to the injured. This is the first time the guardsmen have been requested to take up the study of Spanish, which indicates to Lieutenant DeMotte that a call to the Mexican border may be made at any time.

The company has added two new members since annual inspection last Wednesday night.

Mrs. Ralph Masters, who has been at St. Francis hospital for the past two weeks, recuperating from an operation which she underwent, was taken Sunday to the home of her parents, Mr. and Mrs. W. L. Scott, 423 South Depot street. Her condition is greatly improved.

FIGHT IS INTENSE

TEUTONS AND RUSSIANS BATTLE FIERCELY IN EAST AREA.

NEUTRAL SHIPS, SAFE

Germany Says Naval Measure Against Britain is Not Intended as Blockade—No Safely Guarantee.

By American Press.

Petrograd, Feb. 9.—Engagements between the Russian and German-Austrian forces are growing in intensity at the two extremities of the eastern battle front in East Prussia, as well as in the Carpathian mountain regions, according to information reaching Petrograd today.

The same news dispatch sets forth that on the Warsaw front the battle has subsided, with slight gain to either side.

Special to Democrat-Forum.

Berlin, via the Hague, Feb. 9.—No hostile action against neutral shipping is contemplated by the German government in the naval measure recently adopted against Great Britain, is the interpretation now placed by officials in Germany. Neither is the naval measure intended as strictly a blockade.

German submarines and warships will endeavor by every means in their power to avoid sinking American or other neutral ships, and will take every precaution to avoid a mistake, yet no guarantee as to their safety would be vouched by the German government, it is asserted.

BUYS EPISCOPAL CHURCH.

M. Nusbaum and C. E. Signs Purchase Abandoned Building—May House Chickens Next.

The abandoned church building of the Episcopal church, 329 East Fourth street, was purchased yesterday for $385 by Mose Nusbaum and C. E. Signs. It probably will be removed from its present location and converted into a poultry house, Mr. Nusbaum announced this morning. The structure was built in 1885, and until about three years ago was used regularly by the Episcopalian congregation here as a meeting place.

The sale was negotiated following the visit here this week of the Rev. Edward C. Johnson of Kansas City, on instructions to dispose of the property. The 50-foot lot will be retained. The proceeds of the building will be held in trust for any possible need of the fund here in the future.

The Anglican church will probably be addressed once a month hereafter by the Rev. Mr. LaMonte of St. Joseph. The first service in six months was held Sunday.

WELL WORTH THE MONEY.

Salisbury Musical Family at Empire Makes "Hit"—Kipling's "Vampire" at the Fern.

The Salisbury musical family, which began a three nights engagement at the Empire theater last night drew considerable applause and commendation from the two audiences which greeted it last night. Despite the low admission price every number given last night was unusually good. There is virtually an entire change of numbers tonight and tomorrow night.

The Salisbury family was here about nine years ago, at that time coming under the auspices of a lyceum association.

The Fern theater also has a rare treat for theater patrons tomorrow night in the 5-reel feature, "A Fool There Was," from Rudyard Kipling's "Vampire." It has received much comment wherever shown.

REVIVAL IS SUCCESSFUL.

Meetings at Pleasant Grove Church Being Well Attended.

The revival meeting which is being conducted at the Pleasant Grove church, nine miles south of Maryville, has been attended with splendid success. The services have been in charge of the Rev. George T. Rolston, pastor of the Methodist church, South, of Barnard, assisted by the Rev. W. B. Llewellyn. Twelve conversions have been made. The meetings will continue indefinitely.

Operator Takes Vacation.

Miss Mamie Sullivan, assistant operator at the Clyde Mutual Telephone exchange, is taking a few weeks vacation which she is spending at the home of her parents, Mr. and Mrs. James Sullivan, who live southeast of Clyde. Her work will be taken by the chief operator, Mrs. C. Juhl.

SOUGHT PAY; IS ASSAULTED

Orville Darling is Fined $5 Following Fight With Paul Thompson.

Orville Darling, Fourth and Market streets, was fined $5 in police court this morning for assaulting Paul Thompson, a barber at Protzman's barber shop, at 6 o'clock last night at Thompson and Main street, following ill feeling of several months.

Darling pleaded guilty to the city charge and paid the fine and costs.

According to Thompson, the trouble started about four months ago, when Darling was asked to pay a bill of $1.50 contracted at the tonsorial parlors. Darling is said to have then threatened Thompson. The alleged assault last night resulted in Thompson being knocked semi-unconscious. He received a broken nose and several facial bruises.

Darling is a laborer and occasionally engages in amateur boxing exhibitions.

WOMEN WOULD REVIVE BAND

Military Music Club Met Last Night to Discuss Financial Difficulty—No Action.

A special meeting to discuss ways and means of financing the reorganization and maintenance of the Missouri Ladies' Military band, which was abandoned last fall, was held last night in the studio of Miss Alma Nash, director, in the Michau building. No definite action resulted on account of the small attendance and failure to secure the promise of any financial aid for the band.

It is the belief of Miss Nash now that the band must go, the suits and instruments be sold and an organization which brought much fame to Maryville three years ago become a wreck. Several applications for membership in the band are now on file with Miss Nash, but unless some support can be given the proposed reorganized band they will receive no consideration, Miss Nash announced at the meeting last night.

The business men individually, and not through the Commercial clu, or any other civic body, aided the band in the trip to Washington three years ago, but since that time the young women have received little or no financial support.

MUSIC MEN COMBINE.

D. N. Scott Now Associated With the Landon Music Co.

D. N. Scott, who had been a dealer in musical instruments for a number of years in Maryville, is now associated with the Landon Music Company. Mr. Scott's work with the Landon company will include piano tuning as well as the other general work of the salesman. The Landon Music company has been in operation since the opening of the Maryville Conservatory, which is under the direction of P. O. Landon, twelve years ago. The work was carried under the one name until about two years ago when in order to facilitate the better handling of the sales department, the work was divided under separate heads.

8:20 to 9:15—"The Junior Department," Miss Lewis; "Utilizing the Group Instinct," Miss Maus; "The Sunday Lesson," Mr. Clarke.

With the addition of nearly thirty delegates, who arrived in Maryville at noon today, and many more attending from the city, the afternoon session of the school of methods being held at the First Christian church, was an enthusiastic one, and the attendance much greater than yesterday.

The school is in no way denominational, its aim and work being the training of Bible school teachers and workers to do more efficient work. The delegates represent many churches in the district beside the Christian ones, and the registration to obtain a certificate of proficiency will continue until after this evening's session. Later entry than that will not entitle the applicant to a certificate.

The lectures and conferences of yesterday afternoon and evening were extremely profitable. In addition to the class teaching, special conferences can be arranged for any one desiring special training along a certain line.

The talk by Prof. A. H. Braden of the University of Kansas, last night from 7:40 to 8.30, was splendidly given and of much benefit to the student workers who heard him. Prof. Braden will give a talk at the same hour each evening during the school, taking some topic of Bible study.

A cafeteria lunch is being served by the Ladies' Aid society of the church in the church basement each evening from 6 till 7 o'clock.

Any one in the city may attend the school as a guest for one lecture. Further attendance than that requires the regular student registration.

TO SELL EPISCOPAL CHURCH

Diocese Minister Here to Supervise Sale of East Fourth Street Building

The old frame building on East Fourth street occupied until about three years ago as a meeting place by the Episcopalians of Maryville, and yet owned by that denomination, will be sold as soon as possible, according to the Rev. Edward C. Johnson of Kansas City, of this diocese of the Angelican church, who is in Maryville for that purpose. He estimates the building to be worth $300. The lumber is said to be in fine condition. Some of the church equipment still remains in the building.

The edifice is many years old, and a landmark. It became so dilapidated several years ago as to become unfit for a meeting place. Since then the Episcopalians have held services from time to time in the Knights of Pythias hall.

Services were held in that hall by the Episcopalians Sunday morning for the first time in a half-year. Mr. Johnson conducted the services and communion which followed. Twenty were present. He urged them to forget the past hardships the Episcopal church has had in Maryville and to start out again anew in an endeavor to place the church on a better basis here.

The sale of the church building has been placed in the hands of E. E. Williams and C. E. Signs, under the supervision of Mr. Johnson while in the city. The 50 foot lot on which the building stands will be retained. The proceeds from the building sale would be held in trust.

Eggs and Poultry Sales $200.

Mrs. C. D. Nicholas of near Maryville had the following in this week's Missouri Ruralist:

One hundred and twenty females, mostly pullets, and five roosters made up my flock January 1, 1914. During the year I killed 103 fowls and gave away a number. Including old roosters, hens and young chickens, I sold 195 birds in 1914, and started the new year with 180 nice Buff Orpington fowls, only 10 of them males.

My flock produced more than 8,000 eggs during the year and cash sales for eggs and poultry totaled $200. Sales were made to the grocery or poultry house at market prices.

I have a good, though cheap, hen house, give plenty of water, and feed oats, wheat and corn whole. Eggs were gathered every day in the year. Record of the eggs gathered every day, and the killing of a chicken, is placed on a calendar in the kitchen.

Buff Orpingtons have given the best satisfaction of several breeds tried at our farm. They are strong and healthy, grow large, and are good layers and setters. I have never used an incubator or brooder, but depend on hens. The eggs always hatch well.

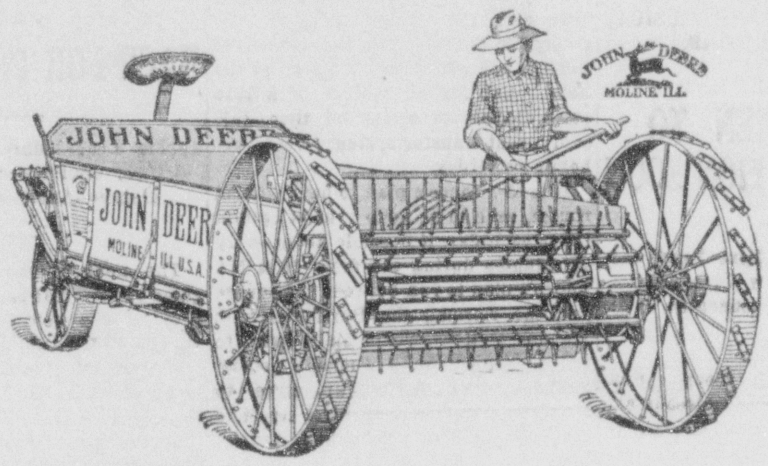
The Spreader With The Beater on the Axle



This Spreader is built low down, and the rear axle is placed at end of the body of the machine. The rear axle acts in a double capacity, as axle and as the beater shaft.

Power is taken directly from the rear axle through a set of gears like those used on horse powers, which is contained in a cylinder, or housing on the inside of the beater. This housing is oil tight and the transmission therein works in a bath of oil.

In other words the distinctive feature of this **New John Deere Spreader** construction is that the entire driving mechanism is mounted on and works as a part of the rear axle.

When the machine is out of gear there is nothing running except the four wheels that rest on the ground.

The John Deere Spreader is built in two sizes. B-a two horse machine, capacity 50 bushels and sells for **$115.00.** C—a three horse machine—capacity 70 bushels, price **$120.00.**

Kansas Quarantine Depresses Cattle Market—Hogs Sell Fairly Well —Sheep Lower.

Kansas City Stock Yards, Feb. 8.—Cattle trade showed some improvement late last week, except on stockers and feeders, which suffered severely from the Kansas sanitary situation. The fact that the Kansas cases of foot and mouth disease seem to be safely confined within the quarantined district, and that only one new case has come to the surface since the original outbreak, is tending to spread confidence.

Shipments of stocker and feeding cattle are now permitted to Kansas in cases where the cattle can be traced as originating in clean territory, otherwise the quarantine is strict. Missouri, Iowa and Nebraska receive stockers and feeders from here without restriction.

The supply today is 8,000 cattle, market steady to 15c higher than last week. Sales under $7.50, including butcher grades, got the advance, buyers moving slowly when asking price was above $7.50. Some butcher heifers sold at $7.05@7.25 that were like heifers last week at $7 or less. Light weight short fed steers at $7.00@7.50 brought a little more than last week's values.

While the market was some improvement over last week, it was still a disappointment to most sellers. Runs were moderate at all points, but were composed largely of killing grades, both here and at Chicago. The market situation changes so often, and is subject to so many active influences that commission men hesitate to give advice to shippers, although their suggestions at the close last week favored staying off the market with cattle for the present, unless there were urgent reasons for selling.

Hogs sold 5@10c higher on the early market, to shippers, top $6.90. Cheap hogs are blamed for a portion of the depression in cattle prices, but on the other hand, the good demand for pork, resulting from its cheapness, makes outlet for more hogs at prevailing prices. Cold weather makes it possible for much hog killing to be done at home, but that works in two ways, cutting down both supply and demand.

Sheep and lambs are weak to 10c lower today, receipts 14,000 head. The market opened slow, with bids sharply lower, but actual sales show only the decline indicated, half a dozen lots of southern Colorado lambs selling at $8.75, the top. Northern Colorado ewes brought $6.20, weighing 114 and 116 pounds, and some 89-pound northern Colorado lambs brought $8.45, good to choice yearlings, $7.55, wethers $6.75. In spite of storms the northern roads delivered their stock early today.

Mrs. D. R. Raine of 321 South Market street, is seriously ill. Her condition yesterday was critical.

DACIA HALTED ASI CREW QUITS WORK

Eleven Refuse to Stay and Vessel Fails to Leave.

Norfolk, Va., Feb. 9.—The steamer Dacia, cotton laden, from Galveston, was held up on the second stage of its voyage to Rotterdam after eleven or more of its crew refused to continue in service. A fireman, who said he represented several others of the crew, told United States Commissioner Hamilton that some of the sailors feared the Dacia would be detained by a British warship.

Captain McDonald said he had not replaced all of the men and did not know when the Dacia would sail.

Great Britain, questioning the validity of the transfer of the Dacia from German to American registry, has given notice that it will seize the ship and pay for the cargo.

SAYS GOD IS W TH GERMANS

Archbishop of Cologne Issues Pastoral Letter.

Amsterdam, Feb. 9.—The Cologne Church Gazette published a pastoral letter by Cardinal von Hartman, archbishop of Cologne, as follows:

"God has been with our heroic warriors in the west, in the east, on the sea, in the air. He has been with our German people, in whom the determination to hold out and confidence in a victorious issue are glowing.

"The war is an extremely severe trial on all. Every one is courageously making the requisite sacrifices. Supreme confidence in God is being shown by all Germans.

"With God our warriors went into this war, which has been forced upon us, to fight for the existence and liberty of our beloved fatherland and to fight for the holy treasures of Christianity and its civilizing influences. Heroic deeds already have been accomplished under God's protection and under the direction of our glorious leader, the emperor, and the German princes. We must look upon the war in the light of our faith."

ZAPATISTAS CLOSING IN ON MEXICO CITY

Washington, Feb. 9.—Zapatista forces are gradually closing in on Mexico City again, official dispatches report, and the apprehension is daily growing more acute over conditions generally.

Practically all the foreign diplomatic representatives there have asked their home governments for instructions as to what they should do in certain contingencies and are hoping to be permitted to use their discretion as to abandoning their legations.

Demonstrations continue by the populace, which has been affected by the nullification by Carranza authorities of paper currency issued by previous administrations. Scarcity of food is causing great anxiety. An official summary of other conditions issued by the state department says:

"The state department is informed that the banks and principal stores in the City of Mexico remain closed on account of the order nullifying the Villa currency. General Carranza is reported to have telegraphed that relief will be furnished the poor. There is a continued scarcity of bread."

RUSSIANS TAKE THE OFFENSIVE

Czar Hurls Forces Against Enemy In Poland.

VON HINDENBURG PUSHING ON

Germans and Austrians Gain Some Ground In Carpathians—No Change In France and Flanders—Allies Are Throwing In Reinforcements.

WAR SUMMARY

Comparative quiet reigns in France and Flanders, while hundreds of thousands, constituting the fighting forces in Russian Poland, the Carpathians and East Prussia, seem to be still deadlocked in a series of desperate engagements.

From Berlin comes the announcement that the naval measures of Germany against British commerce are in no sense a blockade, that no hostile action against neutral shipping is contemplated and that Germany's warships will endeavor to avoid sinking American or neutral ships, taking every precaution to that end.

London, Feb. 9.—The adoption of offensive operations by Russians in Poland, from which the Germans apparently have been withdrawing some forces, both to the north and south, furnished the most striking feature of the military situation on the European continent.

From German sources it is insisted that the plans for the capture of Warsaw still are being pushed. But the Russians claim several minor successes at various points and declare that the German attack reached its climax several days ago.

Teutons Gain Ground.

Another huge segment of the Russian army is continuing its efforts for a firmer foothold in the Carpathians, but it is admitted that the Germans and Austrians have gained some ground. At one point a severe snowstorm is said to have aided the Austro-Hungarian troops in action, which Vienna states has resulted in heavy losses to the Russian forces in Dukla pass.

From East Prussia there is little news, the Germans claiming to have the situation well in hand, so far as concerns the prevention of a further Russian advance without the most severe fighting.

In France and Flanders the situation is without change. Both sides are alert for the slightest indication of activity on the part of their opponents. The British and French are undoubtedly taking advantage of every day's delay to throw in reinforcements.

German Reservists Plead Not Guilty.

New York, Feb. 9.—Tentative pleas of not guilty were entered by Carl Ruroede, William Heinrich Sachsze, August R. Meyer, Walter Muller and Herman Wagner, to indictments charging them with conspiracy to obtain American passports from the state department.
